## PLANS MADE FOR COUNTY CONTEST

All of Next Week Will be Devoted to  
Music Memory Event in Rushville  
City Schools

### TWO TEAMS TO BE SELECTED

Several Grammar and High Schools  
and Two Rural Schools Entered  
in County Contest

All of next week will be devoted to the music memory contest in the city schools in preparation for the county contest which will be held at the court house March 15 and 16 and the sixth district contest which will be held in the court house March 20. The district winner will go to the state contest which will be held at Manual Training high school auditorium in Indianapolis Saturday afternoon, March 24.

Rushville schools have entered both the grammar grades and high school contests. Pupils of the fourth, fifth and sixth grades in the Havens, Jackson, Graham Annex and Washington buildings will compete for the honor of representing the city in the grammar grades section of the county contest.

From those who make perfect scores a team of five will be selected from among the grammar grades contestants and a team of three from the high school for the county contest.

There has been a wonderful response from the county this year as compared with last year, according to Miss Sarah L. McConnell, city supervisor of music, who is state chairman of the music memory contest. The contest will be much more comprehensive than last year, as revealed by the following entries:

Arlington grammar grades, Glenwood grammar grades and high school, Center school grammar grades, New Salem grammar grades and high school, Carthage grammar grades, Raleigh grammar grades and high school, Walnut Ridge and Alexander rural schools and probably the Manilla and Homer grammar grades.

There were only two high schools and five grammar grades entered in the county contest last year, which returned Miss Judith Mauzy of this city winner. Miss Mauzy also won the state contest, the first ever held in Indiana.

To get one hundred percent in the contest, the pupil must punctuate correctly, recognize the number when it is played on the phonograph and spell the name of the number and composer correctly.

"The object of the music memory contest," says Miss McConnell, "is not to make musicians out of children, but to increase their knowledge of music literature. The only way to learn the good music is by constant association with it. We use the same methods that are used to increase a child's knowledge of literature."

"We attempt to develop and cultivate a love for the very best in music. The music memory contest has grown so popular that the number of schools in Indiana taking it up this year is about seventy-five per cent greater than last year. Not only the music educators, but the general educators as well are recognizing it as the best means of developing music education."

There are thirty-two numbers in the rural schools and grammar grades contest and thirty-three in the high school contest. The first twenty-three of the following numbers are for the rural schools and these together with the next nine following are for the grammar schools:

Amaryllis, Old French.  
America the Beautiful, Samuel Ward  
Anvil Chorus (Il Trovatore), Verdi  
Battle Hymn of the Republic, Julia Ward Howe  
By the Shores of Gitchee Gumee (Hiawatha's Childhood), Bessie Whiteley.  
By the Waters of Minnetonka, Thurlow Lieurance.  
Come Where My Love Lies Dreaming, Stephen Foster.  
Czardas (Coppelia Ballet), Delibes.

## FATHERS AND SONS ENJOY A BANQUET

Approximately 175 Attend St. Paul's  
M. E. Church Event—Principal  
Toast By Dr. J. M. Walker

### FRED HOKE UNABLE TO COME

Approximately 175 men and boys attended the "Father and Son" banquet at St. Paul's Methodist Episcopal church Friday evening and enjoyed a program of addresses, the principal one of which was given by Dr. John M. Walker of this city, district superintendent, who filled the place on the program selected for Fred Hoke, a Methodist layman of Indianapolis. Mr. Hoke was unable to come at the last moment.

Every man in St. Paul's church was expected to bring a boy, and if he didn't have one he was supposed to get one. Music was provided by the Sunday school orchestra and a song fest opened the program after the banquet was served.

The following toasts were responded to in splendid style: Address of Welcome, the Rev. H. W. Hargett; "Son Through a Father's Specs," L. L. Allen; "Father Through a Son's Specs," Burke Dugle; "The Kind of a Boy I Like," J. F. Miller; "Bringing Up Father," A. F. Cotton.

## PRESIDENT A SUICIDE AND BANK DOORS CLOSE

Logan Square Trust and Savings  
Bank of Chicago With \$2,700,000  
Deposits Affected

### BOOKS ARE TO BE EXAMINED

(By United Press)

Chicago, March 10—Doors of the Logan Square Trust and Savings Bank with deposits of \$2,700,000 were closed today following the suicide of Fred W. Popp, president of the institution.

Investigators who examined Popp's body, found in an auto on a lonely farm road, discovered \$61,000 in cancelled checks. The checks were drawn by Paul Popp, son of the president, on the Republic National Bank of St. Louis, payable to himself and endorsed by him.

The son was reluctant to explain the checks.

"I gave him that check book before I went to California two months ago," the son said. "It was my own personal account. I do not wish to talk it further. I wish that it could be kept out of the newspapers."

Decision to close the bank was reached in the early hours today after an all night conference of directors with H. F. Savage, chief bank examiner for Illinois. Savage said that it was deemed best to suspend business until a complete examination of the books could be made.

The bank, one of the most popular neighborhood savings institutions in Chicago, was under inspection for several days before Popp killed himself.

### COMPERS OUT OF DANGER

New York, March 10—The condition of Samuel Compers, 74, president of the American Federation of Labor who is ill at Lenox Hill Hospital with influenza bronchial pneumonia, is "rapidly improving and he is in no immediate danger," it was announced at the hospital early today.

## NATIVE OF COUNTY IN TRAGIC DEATH

Elmer Burnau, Age 42, Born and  
Reared in Northern Rush County,  
is Killed Near Bluffton

### CAUGHT UNDER A BUILDING

Neck Broken, and Skull Crushed  
When Old Building Crumbles—  
Father Was Thomas Burnau

Elmer Burnau, a native of Rush county, and who is related here, was killed Monday on his farm near Bluffton, when he was caught beneath falling timber, while wrecking an old building, according to word just received by relatives. His neck was broken and skull fractured.

The deceased was born, January 22, 1881, in Washington township, Rush county, and was the son of Mr. and Mrs. Thomas Burnau, all of whom are well known in this county. The deceased was 15 years old when his parents left this county, and he was 42 years old at the time of the accident.

Relatives surviving in this county are C. W. Ertel, Thomas Ertel and Mrs. Glen Abernathy, all of Washington township, who are first cousins. The deceased is also survived by his parents, and his widow, and two children, Eva and Faye, and a brother, Purley Burnau, all of the vicinity of Bluffton.

There were no eye witnesses to the accident. Mrs. Burnau, the only other person at the farm, was in the house. The husband had gone out for the purpose of pulling down the old building, the roof of which had been damaged in the windstorm of Saturday night.

A few minutes later Mrs. Burnau heard the crash of falling timber. She hurried to the door and called and after making a few attempts to get an answer, she went outside and hurried around the house, and found her husband lying senseless, crushed into the soft earth by the weight of the heavy timber.

She attempted to raise the lumber which pinned him to the ground, but her strength was not sufficient and she hurried into the house and summoned help over the telephone.

Within a few minutes several neighbors arrived, and together they lifted the fallen building, but Burnau was lifeless, and had probably been killed instantly.

The position of the body indicated that he had attempted to escape when the support of the structure gave way, and he came within a few inches of safety. He had made his way from the inside, but the walls falling outward, caught him. The upper frame of the door struck the back of his head and buried it full into the soft ground.

The trunk of his body was left clear, but a heavy plank caught him across the left leg, and inflicted a double fracture.

## TWO GERMANS SHOT TO DEATH BY FRENCH

Deaths Occur at Loettinghausen  
and Essen as Result of Occupation  
of The Ruhr

### ONE WAS A RAILROAD MAN

(By United Press)

Berlin, March 10—Two Germans were shot to death by French troops in disorders at Poettinghausen and Essen today, according to reports from those two towns.

The Loettinghausen advices said a railroad committeeman had been shot there. A companion was arrested. A fireman was reported killed in Essen.

At Pommersness a guard was found dead, evidently having been shot by highwaymen. Two negro French infantrymen were arrested. One of them was said to have had the victim's watch in his possession.

## Richland M. E. Church of Century Ago One of "Lost Churches" of the County

Deed To Original Site Given To  
Church By James And Nancy  
Gregg Made November 19, 1823.  
But No One Has Any Knowledge  
Of First House Of Worship Erected  
There. Structure Now On Site  
Used by United Brethren. Deed In  
Possession Of John M. Linville.

John M. Linville of Richland township possesses an interesting document in the form of a deed to the original site of Hopewell Methodist Episcopal church in Richland township, which was recorded on Tuesday, January 9, 1827.

The land was given as a church site and to be used as a cemetery by James and Nancy Gregg and was conveyed to the trustees, James Linville, Hugh Smathers and A. Young. James Linville was the grandfather of John M. Linville, which accounts for the latter having the document in his possession at this time.

Several acres have been added to the original site as the needs for a cemetery grew, but the present church does not stand on the original ground as it was erected opposite the old grave yard on the south side of an adjoining lot.

The present church is a community house of worship and is not identified with any sect, although services are being held there at present by the United Brethren congregation of the township. The structure is available to all the people of the community who wish to use it.

The present structure was erected in 1874. No one in Richland township can be found who has any knowledge of the first church that stood on the site given to the trustees mentioned in the deed as church ground.

## GRANTED DIVORCE ON HER CROSS COMPLAINT

Mrs. Fanny Moore Wins Decree In  
Circuit Court When Husband  
Fails To Appear

### PETITION FOR A GUARDIAN

A divorce was granted this morning in the circuit court in the case of a Posey township couple, when Mrs. Fanny Moore, defendant was granted a divorce on her cross complaint, from John Moore, who defaulted. The husband brought the suit several weeks ago, but the wife filed a cross complaint and when the case was heard this morning, the plaintiff failed to appear.

Lee H. Macey is plaintiff in a petition filed against Franks S. Macey and Lanto L. Macey, in which he asks that a guardian be appointed for the two defendants. They are alleged to be persons of infirm age and are not capable of managing their own affairs.

Manford Slifer, administrator of the state of Jacob Slifer, has filed a suit in court against Susan Slifer, et al., in which the petition asks to allow the administrator permission to sell real estate.

A few other court matters were scheduled for a hearing today. The jury which had been called for Monday, was called off today, because the state case originally set, was continued.

### BIRTHS

Word has been received here of the birth of a baby girl Friday morning to the wife of Ray McAndrews, at their home in Los Angeles, California. The baby weighed seven and one-half pounds and has been named Margery Lou. Mrs. McAndrews was formerly Miss Louise Hogsett of this city, and is the daughter of Mr. and Mrs. J. W. Hogsett.

### SPELLER ISSUES CHALLENGE

Roann, Ind., March 10.—E. T. Seitner of Roann challenges any speller or any number of spellers to a match. Seitner knows the contents of McGuffey's speller so well that he can repeat the words on any page if anyone will mention the number of the page.

## CHANGES MADE IN EDUCATIONAL LAWS

Digest Of New Acts Is Prepared  
And Sent To Superintendents,  
Principals And Teachers

### RETIREMENT LAW AMENDED

Time To Enter Extended For Persons  
Entering Teaching Service  
Prior To June 1, 1921

Several changes have been made in the education laws of the state according to a digest of the acts of the last legislature on this subject, which have been received by school teachers. The summary was prepared by the state board of education and in part is as follows:

House bill No. 97 repeals Section 33 of the 1921 law governing teachers, attendance officers and all longer be canceled on fifteen days' notice by the teacher or by the employing official.

House bill No. 183 vests in the state board of education the licensing of all public school superintendents, supervisors, principals, teachers, attendance officers and all other regular school employees. This law provides that after December 1, 1923, all licenses for superintendents, supervisors, principals and teachers shall be issued and renewed only on the basis of credentials, showing the amount and kind of work actually completed in accredited or approved institutions.

Senate bill No. 69 amends the teachers' retirement fund law so that: (1) In event of the death of an annuitant before annuities have been received, amounting to contributions plus 4 per cent. compound interest, the difference shall be returned to the annuitant's estate. (2) Persons who entered the teaching service prior to June 1, 1921, and who failed to elect membership in the state teachers' retirement fund prior to September 1, 1922, may do so at any time prior to October 31, 1923.

Senate bill No. 64 repeals the section of the law providing for township institutes. The repeal bill carried an emergency clause but its passage does not invalidate contracts calling for the payment of teachers attending institutes the current school year.

House bill No. 69 amended the law regulating the high school course of study so that German may be taught in the high school.

House bill No. 70 amends the law concerning elementary schools and the course of study in elementary schools, making it unlawful to teach any modern foreign language in the public, private or parochial schools of elementary grade of the state.

House bill No. 416 amends the vocational education law so that reimbursement to approved vocational schools shall be at the rate of not more than 33 1-3 instead of 50 per cent.

House bill No. 313 amends the vocational education law so that a county council may appropriate an amount not less than \$1,500 or not more than \$2,500 per annum for the purpose of paying the salary and expenses of a country agricultural agent.

Senate bill No. 345 amends the sanitary school building laws so that two story buildings may be constructed without a basement or three feet of air space.

House bill No. 148 permits townships having no high school to buy ground and buildings suitable for that purpose. It deals directly with a proposal to buy Spiceland Academy buildings.

Senate bill No. 73 repeals the law requiring school enumerators to take a census of surviving soldiers of the Mexican, civil and Spanish-American wars.

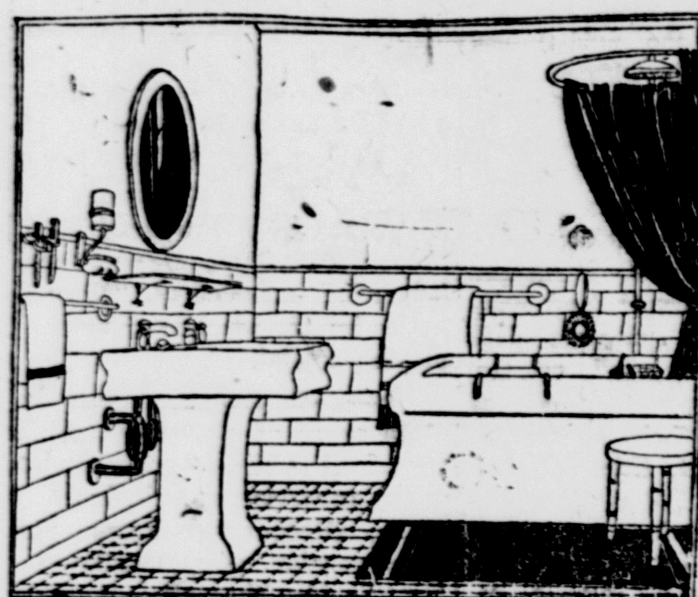

Senate bill No. 84 provides that school funds loaned on real estate shall not exceed 50 per cent of the assessed valuation of such real estate, and provides for insurance on improvements on such real estate.

Four of these bills, Senate Bill 64 and House Bills 70, 416 and 313 have not been signed by the Governor.

# — Thrifty America — !! LET'S BUILD

UNTIL last year high costs of material and labor almost caused a cessation of building. Today every hamlet, town and large city is crying for more homes and more buildings. And that insistent demand can be satisfied because lower prices make possible the culmination of plans started long ago. If you are planning a factory, an apartment building or a home—now is the time to start. The firms listed below are ready to offer you service that is satisfying and gratifying.

## PURDUE WINTER COURSE ENDS

Forty-one Students in Special Class Get Their Certificates

Lafayette, Ind., March 10—Forty-one students in the eight week winter course in agriculture and home economics at Purdue University received their certificates here Friday afternoon.

R. V. Atkinson, of Rockport, won first honors in the judging of butter, C. C. Rogers of Pendleton won first in judging of dairy cattle and George B. Langdon of Hartford City and John M. Holden of Hope were tied for first in livestock judging contest. The winners were given gold medals. Dean Skinner presented the certificates in the miniature commencement and President E. C. Elliott delivered the principal address.

## BRICK, TILE AND STUCCO RESIDENCE DESIGNED BY W. W. PURDY

The use of hollow tile with stucco finish is coming into use fast, owing to its durable qualities and to the fact that the cost does not much, if any exceed the frame construction. It makes a warm house as well as substantial and the plastering on the inside can be done on the walls direct without the use of inside furring.

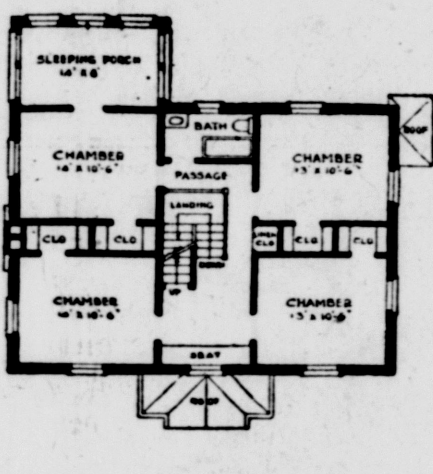

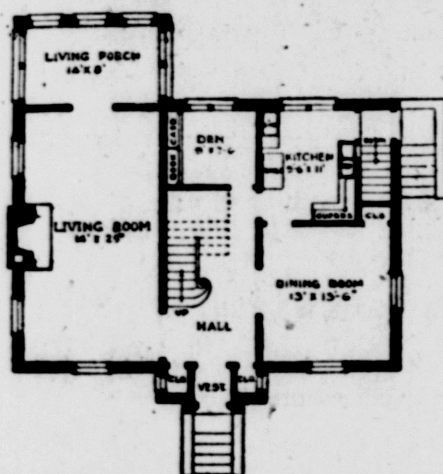

The house recently planned for a city home, is 38 ft. 6 in. in width and 26 ft. 6 in., exclusive of living porch.

This plan, which also includes a garage in the basement, strikes a responsive chord in the hearts of hundreds of persons who are planning to build and who must make some provisions for their automobile.

A garage under the same roof with the house is greatly to be preferred both for the convenience of the arrangement and the conserving of ground space.

There is a central entrance through a small vestibule into the stair hall with a closet each side of door. At the end of hall is a small den with bookcases on one side.

At the left of hall is a large liv-

ing room 14 ft. by 25 ft. with brick fireplace on the outside wall. Opening off the living room is a glazed porch with French doors between.

The kitchen is planned with cupboards and built-in refrigerator, iced from the outside.

There are four good chambers with closets, sleeping porch and bath room on the second floor, and there is a good attic for storage.

There is a full basement, with 12 in. concrete foundation under the whole house.

The garage is under the porch

and part of living room, there is laundry, store room and heating room in basement also.

The basement is 7 ft. 6 in. in the clear, first story is 8 ft. 6 in. in the clear, and the second story 8 ft.

Brick is used on the corners and around all doors and window openings.

Asbestos shingles are used on the roof.

It is estimated to build this residence for \$10,000 to \$12,000, exclusive of heating and plumbing.

## Weekly Marketgram

(U. S. Department of Agriculture, Bureau of Agricultural Economics) Washington, March 10—(For week ending March 9, 1923.)

**COTTON:** Spot cotton prices advanced 31 points during the week. New York March future contracts advanced two points. Spot cotton closed at 30.51c per pound. New York March futures at 30.55c.

**GRAIN:** Grain prices narrow and unsettled during the week but closed slightly higher except corn. Trade mostly local with news and sentiment mixed. Principal factors were: Reports on crop conditions; estimates on reserves and world conditions.

On March 9 wheat prices advanced after small break early in sympathy with corn. On the whole market was unsettled. Selling by eastern houses made weak corn market at start but prices recovered later on short covering and buying on resting orders encouraged by late upturn in wheat.

Closing prices in Chicago cash market: No. 2 red winter wheat \$1.31; No. 2 hard winter wheat \$1.20; No. 2 mixed corn 74c; No. 2 yellow corn 74c; No. 3 white oats 45c. Average farm prices: No. 2 mixed corn in Central Iowa about 61c; No. 2 hard winter wheat in Central Kansas \$1. Closing future prices: Chicago May wheat \$1.19; Chicago corn 74; Minneapolis May wheat \$1.20; Kansas City May wheat \$1.11; Winnipeg May wheat \$1.13.

**HAY:** Market generally firm. Demand for good hay becoming urgent in several central western markets including Pittsburg and Cincinnati because of light receipts. Bad road conditions reducing country loadings. Low grades still constitute large part of receipts at some markets and are in slow demand. Quoted March 9: No. 1 timothy Phila. \$23, Pittsburg \$21.50, Cincinnati \$19.50, Minneapolis \$15.50, Memphis \$24. No. 1 alfalfa Kansas City \$24.25, Memphis \$32. No. 1 prairie Minneapolis \$16, Kansas City \$14.25.

**FEED:** Demand quiet. Deliveries of wheatfeeds by flour mills heavier and track stuff is available in Minneapolis. Cottonseed meal market weak; transaction small. Exporters bid \$46.50 for slab cake delivered gulf ports. Fair feeding demand from west. Hominy feed offerings exceed demand and prices are easier. Gluten feed unchanged, demand fair, production heavy. Linseed meal in liberal supply at lower prices. Interior demand fair. Storage stocks of wheatfeeds good. Movement light. Quoted March 9: Bran \$28.25, middlings \$28.50, flour middlings \$30, Minneapolis; 36 percent cottonseed meal \$40.50, Memphis, \$41.50 Atlan-

ta; 34 percent linseed meal \$47.75, Minneapolis, \$48.75 Buffalo; gluten feed \$42.65 Chicago; white hominy feed \$29 St. Louis, \$29.50 Chicago.

**DAIRY PRODUCTS:** Butter markets unsettled throughout week although temporarily firm at close. Some declines in prices were registered early in week as supplies were quite heavy in relation to demand. The arrival of approximately 50,000 boxes New Zealand butter also helped remove strength. Following the price decline which occurred buying took on slightly more activity including some speculative buying.

Closing prices 92 score butter: New York, 48; Phila. 48; Boston 50; Chicago 47.

Cheese markets barely steady. Declines on Wisconsin cheese board Monday amounting to about two cents have placed trading on a lower level and has served to unsettle market. Lack of buying support as buyers are holding off in anticipation of lower prices. Movements out of Wisconsin during week fairly heavy but consisting partly of consigned stock.

Prices at Wisconsin primary cheese markets March 8: twins 22; daisies 22; double daisies 22; Young Americas 24; Longhorns 24; square prints 25.

**LIVESTOCK AND MEATS:** Chicago hog prices showed advance of 10c on lighter weights with medium kinds from five cents lower to 10c higher than week ago. Beef steers were 15 to 25c lower, cows and heifers 25 to 35c higher, with feeders steady to 15c higher and veal calves steady to 75c lower. Fat lambs remained practically steady. Feeders 5 cents higher, yearlings 15c higher and ewes 20c higher.

On March 9 hogs were 10 to 20c higher. Cattle active with beef heifers 10 to 15c higher. Butcher cows steady to strong, bulls strong and stockers and feeders steady. Sheep was fairly active with choice handy-weight lambs strong.

March 9, Chicago prices: Hogs top \$8.50; bulk \$7.85 to 8.35; medium and good beef steers \$5.25 to \$10; butcher cows and heifers \$8.25 to \$8; feeder steers \$6.15 to \$8.25; light and medium weight veal calves \$7.25 to \$10.25; fat lambs \$13.50 to \$15.25; feeding lambs \$13.50 to \$15.30; yearlings \$9.75 to \$13.65; fat ewes \$6.50 to 8.85.

Stock and feeder shipments from 12 important markets during week ending March 2 were: Cattle and calves 43,488; hogs 16,163; sheep 19,363.

In Eastern wholesale fresh meat markets beef was 50c to \$1 lower, for the week; veal \$2 to \$3 lower; lambs and mutton steady to \$1 lower; pork 50c to \$1.50 lower.

On March 9, beef was weak at Boston and Phila, weak to 50c lower at New York, Veal \$2 lower at

New York, weak at Phila, and about steady at Boston; lamb weak to \$1 lower at Phila., about steady elsewhere; mutton market about steady with pork weak at Phila, weak to 50c lower at Boston and New York.

March 9 prices good grade meats: Beef \$12 to \$13.50; veal \$13 to \$15; Lamb \$22 to \$24; mutton \$13 to \$14; light pork loins \$14.50 to \$16.50 heavy loins \$11 to \$13.50.

**FRUITS AND VEGETABLES:** Potatoes slightly weaker in Chicago for the week; steady to firm other markets, up 5 to 10c at Eastern shipping points, declining at northern points. New York Baldwin apples slightly weaker in New York City, firm other cities, ranging generally \$5 to \$5.50. Cold storage stock \$6 to \$6.50 in Boston. Boxed stock irregular. Onion markets show slight gain. Old cabbage weak in Chicago, firm in other leading cities. Early cabbage shows firm tone. Spinach advancing. Sweet potatoes steady. Celery and lettuce steady to firm.

Prices reported March 9: New York sacked round white potatoes \$1.55 to 1.85 per 100 pounds in Eastern cities, \$1.35 fob. Maine Green Mountains in bulk \$2.10 to \$2.20 in New York City, \$1.02 to \$1.05 fob. Aroostook county points. Northern sacked round whites 90 to 95c in Chicago, \$1.15 to \$1.40 in other markets, 75 to 82c fob. New York Baldwin apples \$6 to \$6.50 per barrel, in Boston, \$5 to 5.50 in other markets. Northwestern extra fancy boxed Winesaps \$2 to \$3 in consuming centers, \$1.50 to \$1.75 at distributing points. Florida pointed cabbage \$3.25 to 3.50 per 14 bushel hamper. Texas Alabama and Louisiana flat \$5 to \$5.50 per barrel. Texas \$100 to \$110 per ton in Pittsburg. New York Danish type mostly \$65 to \$75, Phila \$50 to \$60. North-

## THOUGHT BACK WOULD BREAK

Nothing Helped until She Began Taking Lydia E. Pinkham's Vegetable Compound

"When my baby was born," says Mrs. Poeluszny, 106 High Street, Bay City, Michigan, "I got up too soon. It made me so sick that I was tired of living and the weakness run me down something awful. I could not get up out of bed mornings on account of my back; I thought it would break in two, and if I started to do any work I would have to lie down. I do not believe that any woman ever suffered worse than I did. I spent lots of money, but nothing helped me until I began to take Lydia E. Pinkham's Vegetable Compound. I felt a whole lot better after the first bottle, and I am still taking it for I am sure it is what has put me on my feet."

If you are suffering from a displacement, irregularities, backache, nervousness, headache or any other form of female weakness you should write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts, for Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women." It will be sent you free upon request. This book contains valuable information.

## To Make Money

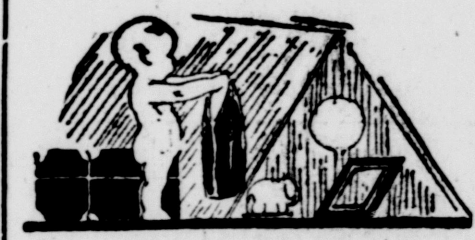

By BILLY WINNER

If I Had an Attic—

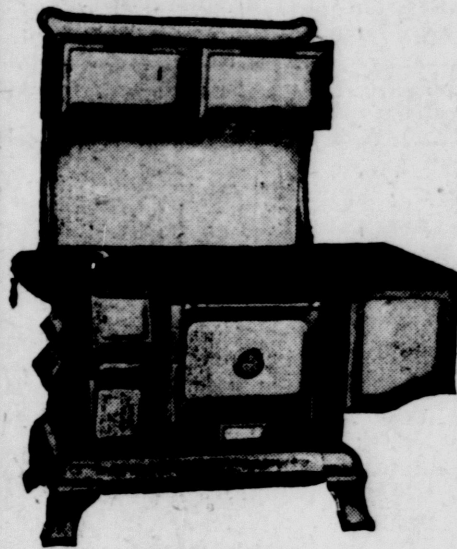

N EARLY every attic is a gold mine in disguise, for they contain countless things—trunks, furniture, clothing, frames, toys,—that no longer are wanted by their owners, but which can be sold for cash.

I would search my attic for hidden gold. Some one always wants what another has, and I would find what I had that another might want and be willing to pay for.

Then I would find this person with a Daily Republican Want Ad. Sure, easy, quick, economical!

**THE MISSION OF JESUS:—**  
The Spirit of the Lord is upon me, because He hath anointed me to preach the gospel to the poor; He hath sent me to heal the broken-hearted, to preach deliverance to the captives, and recovering of sight to the blind, to set at liberty them that are bruised.—Luke 4: 18.

## Safety for Pedestrians

We have heard much lately of the "jay walker" who jauntily walks across the street, looking neither to the right nor the left, while automobiles honk and impatient drivers straighten out their legs on their brakes. This is the type with which the cities have to contend. They are dangerous from the motorist's point of view, and their safety is always in danger.

But there is another type of "jay walker" that is the subject of a bulletin issued by A. H. Hinkle, superintendent of maintenance for the state highway commission. He is the pedestrian who walks on the roads at night without carrying a light. Statistics gathered by the maintenance department of the state commission show that accidents in which cars strike persons afoot on roads are becoming more numerous.

Mr. Hinkle points out that with constantly increasing traffic on our highways, it is unsafe for either pedestrian or a horse drawn vehicle to travel roads at night without displaying either lantern or flashlight to warn motorists of their presence. The high speed at which many motorists travel, makes more hazardous the position of the man afoot on the highway or the horse drawn vehicle which displays no light, Mr. Hinkle contends.

The argument has been advanced by some, Mr. Hinkle points out, that pedestrians should walk only on the left side of the road, but this has its weak points when one considers that frequently the headlight on a car may be out on that side. Then pedestrians would be in danger of being struck by a lightless machine coming toward him.

"The safest way to guarantee

against accidents while walking on the roads is to carry a lantern or flashlight. One might say that the pedestrian has equal right with vehicle on a highway, but this does not restore the lives already snuffed out or the cripples made through failure to observe a few simple rules," the bulletin says.

"By observing the rule of carrying flashlight or lantern, and with the automobile driver honestly striving to do unto other as—travel on our highway may be made as safe as staying down on the farm and even safer than walking across many of the streets in our cities."

## The Land of Plenty

Is this a good country in which to live and prosper?

Millions of people in other countries think so, whether you do or not. They want to break through our immigration barriers and become citizens with us, and are making use of every known device to attain that end.

American consuls abroad are literally deluged with requests for passports, with every conceivable pressure backing up those requests. Fortunately, however, the number that can be admitted to our shores is limited by law, otherwise they would become a pest surpassing the seven year locusts.

Think a little before you thoughtlessly condemn a country that appeals so strongly to other people.

## Safety Sam's Sermonette

Mebbe some people would like t' argue that th' good ol' days of heirlooms an' such are past an' gone, but I'm c'vinced that it aint so. As a touchin' example o' th' fondness folks show for th' things their gran'fathers an' gran'mothers treasured, think for a minnit o' that familiar an' homely work of art, th' family stepladder; where's one t' be found of a later vintage than 1888? W'y, one made that recent would be counted by losta people as bein' too ngw t' use for any but special occasions an' light work, such as tackin' up th' buntin' on th' Fourth o' July. Chances are, it wouldn't be old enough yet t' have over two steps missin', its jigglin' days wouldn't be more'n just begun, an' it'd prob'ly not have over three or four notches denotin' its number o' victims t' date!

I've noticed that as people grow older, they get t' be more an' more leery o' takin' chances climbin' around, but most of 'em seem t' make an exception o' th' good ol' stepladder that Gran'pa used. They appear t' regard it kinda like it was an old friend o' th' family, so t' speak, an' cheerfully trust their lives an' limbs to its tender mercies. It's greatly t' th' credit of th' ol' family stepladder that it don't often betray th' trust put in it, or, I'd better say, on it; but when it does fail an' th' victim is pulled out from its splintered fragments, he's about done with th' heirloom business an' is about ready for another ol' friend, th' family doctor.

It might seem radical, but I'd like t' suggest this rule:—Th' older you are, th' newer th' stepladder you'd better use, if you feel like you just gotta climb.

## BOWLING CONGRESS TOURNEY OPENS

Milwaukee Boosters Teams Took  
Drives and Started Pins Falling  
in History's Largest Tourney

1,952 TEAMS HAVE ENTERED

Prize Money Will Probably Run  
Around the \$83,000 Figure, Ac-  
cording to Sec. A. L. Langtry

Milwaukee, Wis., March 10—The  
largest American Bowling Congress  
tournament in the history of the  
bowling game opens here today.

Milwaukee boosters teams, follow-  
ing speeches by officers of the Amer-  
ican Bowling Congress and city offi-  
cials, took the drives and started the  
pins falling in the tournament, which  
officials say, will go down in history  
as the largest ever held.

Official figures announced by the  
A. B. C. officers give the entry list  
at 1,952 teams, or more than 9,000  
bowlers.

Last year when the entry list of  
1,126 teams for the tournament at  
Toledo was announced, bowling fans  
all over the country gasped—this  
was a record. The Badger State has  
1,000 teams, or more than half of  
the total entry list, which goes down  
as another record.

Not alone the team record, but the  
singles and doubles figures for this  
year far surpass those of last year's  
tournament.

The two men mark is 3,773 teams,  
while at Toledo it was 2,411. Then  
there will be 7,625 bowlers seeking  
the individual championship from  
Wallie Lundgren, Chicago, who won  
the laurels from a field of 4,838  
bowlers at Toledo last year.

The prize money will probably run  
around the \$83,000 figure, according  
to an announcement by Secretary A.  
L. Langtry.

In order to accommodate the ad-  
ditional teams, Secretary Langtry  
has arranged to roll five squads on  
the first Sunday of the event March  
11.

### Shy Good First Basemen

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, March 10—In the mil-  
lion dollar shipment of young ball  
players to get a trial in the major  
leagues this season is only one first  
baseman and he is hyphenated.

Jack Bentley, the \$65,000 beauty  
the Giants secured from the Balti-  
more Orioles, is a first baseman, but  
he is more of a pitcher and McGraw  
hardly will take George Kelly off  
first base to use Bentley.

Since Lu Blue came up with the  
Detroit Tigers and developed into  
one of the best first basemen in the  
game, the crop of good initial sack-  
men has been so poor that Doc  
Johnston held on for several years in  
fast company and the Doc was long  
overdue.

Connie Mack picked up Hauser, a  
youngster who fielded .986 and bat-  
ted over .300 last season, but Mack  
apparently isn't satisfied with him,  
as he said recently he would use  
Stuffy McInnis if he could get him.

The case of McInnis, by the way,  
is hard to figure. Three or four  
clubs could use him well, as regard-  
less of slowed-up limbs he still has  
a couple of years of good baseball  
in him, but all the majors passed  
him when Cleveland asked for wait-  
ers.

In place of Stuffy, the Indians will  
try Brower, a young outfielder from  
the international League and Guisto,  
a big fellow who has been warming  
the bench.

Jim Bottomley, the Card first  
baseman, is the first good one to  
come up for several years in the  
National League and he isn't a sen-  
sation. The Reds are going along  
with Jake Dauberty, one of the old-

est players in the league who insists  
however, upon acting like one of the  
youngest. Brooklyn is so badly in  
need of a good guardian at the in-  
itial corner that Squire Ebbets  
grabbed onto Jack Fournier when  
the Cards decided to get rid of him.

### Hittin' 'Em and Missin' 'Em

HATS OFF TO THE DARK HORSE  
Congratulations Mooreland! You evi-  
dently heard what Hittin' 'em said  
yesterday, that if there was any  
team that needed taking down a  
notch, it was Shelbyville.

YOU'RE EXCUSED NEWCASTLE

We can readily see now Newcastle  
why you didn't have any show with  
Mooreland.

Keep going Mooreland, and  
wallop South Bend tonight. So  
far you are the Little Sandusky  
of the tournament.

The upset of Shelbyville by  
Mooreland last night was the big-  
gest surprise of the tourney. Shelby-  
ville had made all arrangements to  
attend the state tourney next week,  
and wanted to celebrate the event  
in big style because never before has  
Shelbyville had an opportunity of go-  
ing to the state.

Perhaps Shelbyville will re-  
consider their schedule for next  
year, and take on a few "tank  
towns". We would advise that  
they play Mooreland again next  
season.

Hittin' 'em was just wondering  
how bad Huntington is going to beat  
Connersville this morning in the  
eleven o'clock game. No matter how  
Connersville comes out, we will wag-  
er that the Connersville newspaper  
will give at least three of their  
players mention on the all regional  
team.

It will be another state tourney  
without the mention of a Shelbyville  
player on the all state list.

WEBB CELEBRATED ALL WEEK

Webb high school has been cele-  
brating all week over their victory  
with Milroy in the tourney here. No  
school, and even John Geraghty has  
been spending a couple of days in  
Milroy, teaching one or two classes.

John Geraghty informs us that the  
celebration will come to an end Mon-  
day, as school will convene again.  
The real reason for the shutdown,  
they say, is on account of sickness  
among the teachers, but we kinda  
doubt it.

BOY, PAGE HATTIE

We lost Hattie's address at  
Shelbyville, or we would be  
tempted to drop her a letter,  
asking her if she has heard  
anything about the Mooreland-  
Shelbyville game.

WE BET SHE FAINTED

She told us in her letter that all  
of Shelbyville would be along the  
side lines at the state tourney in  
March, rooting for the best team in  
the country, and that Rushville  
wouldn't have a look in at the gates.  
Part of her prediction came true,  
about Rushville, but we kinda be-  
lieve that someone else will be peep-  
ing through the gates also.

WE DON'T FEEL BAD NOW

Hittin' 'em don't feel so bad about  
not getting those ring side press  
tickets now, because we know that  
Shelbyville won't have our seats that  
we occupied last year. We would  
feel still better, if we knew that  
Connersville wouldn't be sittin' in  
'em either.

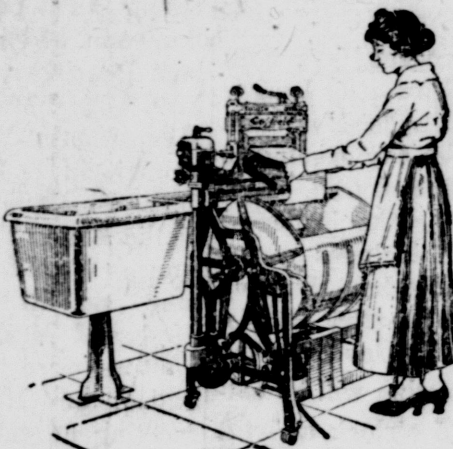

WATCH BROOKVILLE, FOLKS

Don't forget that Brookville is  
playing in the regional. They meet  
Sullivan today in the Bloomington  
regional, and we wouldn't be sur-  
prised to see 'em trot out on the  
floor next week at Indianapolis.

### AMUSEMENTS

#### Western Today at Mystic

One of the most thrilling western  
screen productions to have been pro-  
duced in many seasons will be seen  
at the Mystic today, when Franklin  
Farnum and a stellar cast will be  
seen in "The White Masks," a pic-  
tureization of the famous magazine  
story by E. H. Carr.

Thrills follow one after another.  
Sensational climaxes mark each foot  
of the five reels of action, red-  
bloodedness, fragrant romance, and  
rapid breath gasps. It portrays the  
west vividly; when men lived and  
died for what they thought right,  
and loved with a passion that sears  
like fire.

Franklin Farnum essays the role  
of Jack Bray, a wanderer in that  
vast wilderness, where men were  
quick on the trigger, and who would-  
n't hesitate to draw on the mere  
provocation. To say that Mr. Far-  
num gives a splendid characteriza-  
tion of the part is to but merely  
make a statement; yet it can be  
truthfully said that in the role of  
Jack Bray, Franklin Farnum has  
something with which to demonstrate  
the best efforts of his screen career.

There is much to see in "The  
White Masks." Early in the picture  
there is shown a prize fight scene,  
regulation ring, two men fighting  
with all their vitality, each endeavor-  
ing to land a "K O" that would  
declare the other master. At the  
ringside there is shown several thou-  
sand western fans, mostly made up  
of saloon hangers-on, gamblers, and  
the rough element of a western  
town.

#### Florence Vidor at Princess

Florence Vidor, in "The Real Ad-  
venture," a King Vidor Production  
in which she is starred by Associ-  
ated Exhibitors, is a famous designer  
of theatrical costumes, and will be  
seen at the Princess today. In real  
life, while Florence always displays  
the most exquisite good taste in her  
clothes she has never been interested  
in the designing thereof. However,  
when it comes to the clothes of her  
baby daughter, Virginia, the lovely  
star delights in giving an individual  
and personal touch to the baby's lit-  
tle dresses.

A study of the many alluring  
creations worn by Miss Vidor in  
"The Real Adventure" will disclose  
to the observing that she likes the  
bateau-shaped neck, straight lines  
and a minimum of trimming, and  
that, while skirts are longer they  
should not be too long for comfort  
and health.

The role of Rose Aldrich calls for  
costumes ranging from the plaid  
skirt and middie blouse of the school  
girl to the dignified evening gowns  
of a society matron; from sport  
dresses to bizarre costumes for a  
musical comedy.

Miss Vidor is so enamoured of

the new loosely knitted vari-colored  
iceland wool sweaters that she even  
has one in her trousseau in "The  
Real Adventure." Its colors are tan,  
canary and violet. A two-piece  
knitted dress in a white and black  
mixture with wide stripes of dark  
red and blue make an ideal costume  
for the honeymoon in the hunting  
lodge in the mountains.

REX KEMPLE, Auctioneer.

CLARENCE L. LEWIS, Clerk.

The March social committee of the Rebekah lodge will hold a chicken supper and social Tuesday evening, March 13 at seven o'clock at the L. O. O. F. hall for Rebekahs and their families. Each member is requested to bring a well filled basket of salads, pies and cakes.

Miss Rowena Kennedy, daughter of Dr. and Mrs. R. O. Kennedy of this city, and a student of DePauw University, Greencastle, Ind., has been chosen as a member of the University choir. This is a very high honor for Miss Kennedy, as it is very seldom that a Freshman of a university is chosen as a member of a University choir.

Mrs. Edward Chambers delightfully entertained the members of the Tuesday Afternoon Bridge club Friday afternoon at her home in East Seventh street. The members of the club and two guests, Mrs. Bert Mallin and Miss Christina Stiers, enjoyed the afternoon around the

card tables and the hostess served a delicious luncheon following the card games.

An interesting program has been arranged for the Epworth League meeting of the St. Paul's Methodist Episcopal church, Sunday evening in the league room of the church. Mrs. George Wiltse will be the leader of the program, which includes a vocal selection by Weldon Kennedy and a talk by Mrs. Martha Grindle of her experiences and travels in the Holy Land. The meeting will be called to order at 6:15 o'clock and the public is cordially invited to attend and hear the program.

The Helping Hand Society of the Homer Christian Church very pleasantly surprised Mrs. Ina Miller with a pitch-in dinner at her home in Homer Thursday.

At the noon hour the spacious dining room was thrown open and

every one enjoyed themselves to the fullest extent.

In the afternoon the meeting was called to order by the president, Mrs. Raymond Miller. After the business session, a short program was rendered, consisting of music readings, and devotions; Mrs. Jess Black gave a reading entitled "Beautiful Snow" and Mrs. Claude Adams recited a selection entitled "Entertaining Sister's Beau," which was thoroughly enjoyed by all.

Those present were: Mrs. Roy Orme, Mrs. Olen Orme, Mrs. Mull Sampson, Mrs. J. O. Hill, Mrs. Herbert Dearing, Mrs. A. J. Springer, Mrs. Clyde Mull, Mrs. Will Adams, Mrs. Carrie Miller, Mrs. Claude Adams, Mrs. Raymond Miller, Mrs. Jess Black, Mrs. Ina Miller, Miss Nellie Black, Miss Ella Sousely, Mrs. Laura Warfield, Mrs. William Webster and little niece, Miss Martha Mull and Mrs. Frank Willis. Two visitors were present Mrs. Marshall Ellison and Mrs. A. A. Swartz. The meeting adjourned at 3:30 to meet with Mrs. O. P. Mull on Thursday, April 12. A full attendance is desired at this meeting.

Mrs. George Helm was hostess to the members of the Tarry-A-While club Friday afternoon at her home in North Perkins street. The ladies enjoyed the afternoon informally with needlework and dainty refreshments were served.

Mr. and Mrs. G. P. McCarty were host and hostess to a prettily appointed 6:30 o'clock dinner party at their home in North Harrison street Friday evening. Covers were laid for Mr. and Mrs. G. P. Mauzy, Mr. and Mrs. P. A. Newhouse, Mr. and Mrs. Robert W. Brooks, Mrs. Lewis J. Cline and Mrs. J. B. McCarty.

## DANCER IS NO LONGER AN AMERICAN CITIZEN

Isadora Duncan Lost Citizenship  
When She Married Russian Poet  
Before Passage of "Cable Bill"

### DENOUNCED U. S. GOVERNMENT

Washington, March 10—Isadora Duncan, international dancer who denounced the United States government after her recent tour in this country is no longer an American citizen, the labor department ruled Friday.

Her loss of citizenship is due however, to her wedding to the Russian poet, Serge Essen, before passage of the "Cable bill" allowing women to retain citizenship after marriage to a foreigner.

Secretary of Labor Davis recently annulled on account of alleged disloyalty to the United States and a believer in organized government, according to the specifications of the labor department.

But if the dancer ever desires to reclaim American citizenship she must "prove herself to be a person of good moral character, attached to the principles of the constitution of the United States and a believer in organized government," according to the specifications of the labor department.

**HEAVY TRAFFIC CAUSES ROADS TO BREAK THROUGH IN MANY PLACES**

Indianapolis, Ind., March 10.—All gravel roads and lightly constructed stone portions of state roads are softened through thawing and heavy snows, and in several places have broken through under heavy traffic, according to the weekly traffic bulletin of the state highway commission.

Patrolmen are stopping at the edge of towns all traffic which would damage soft-type roads and asking that loads either be lightened or wait until dry weather before proceeding. A number of log haulers have been compelled to unload or suspend operation and while the commission is criticised by them equitably inclined citizens see the justice of such action, says John D. Williams, highway director. Mr. Williams points out that maintenance

crews are operating all over the system and charged to repair as quickly as possible every break in non-rigid type highways. The result of this vigilance is that the public has been only temporarily inconvenienced. Highway officials assert that but for the splendid maintenance system in force much of the secondary type mileage would have gone to pieces, and many parts of Indiana touched only by such roads would have been cut off from overland traffic. Light traffic is proceeding all over the system with the possible exception of on some earth roads, and heavy trucks are only barred when roads are softest, in order to prevent serious and costly damage.

The past week was unusually severe on soft type roads and conditions widely varied over the state. Some southern counties experienced thawing weather and four inches of snow. Highway officials contend that heavy truck traffic should suspend on secondary roads for at least two weeks.

The condition of state roads for the week of March 11-17 is reported in the bulletin as follows:

No. 1.(New Albany, Indianapolis, South Bend, Michigan line)- Two mud holes, one 2 miles south of Hamilton-Tipton county line, the other south of the junction of Road 19, difficult to negotiate. Impassable between Carmel and Westfield, and traffic should detour via Dudleytown. Repairs under way between Franklin and Aunty.

No. 2(Lincoln highway, Valparaiso, South Bend, Ft. Wayne and Ohio line)-Closed from Valparaiso to a point 4 miles west account construction. North and south detours marked.

No. 3. (National road, Terre Haute Indianapolis, Richmond) -Only one detour. Westbound traffic detour near Stilesville, and east bound traffic detour near Mt. Meridian. Detours badly rutted but passable.

No. 4. (Mt. Vernon, Evansville, Seymour, Aurora and Ohio line)-Winter traffic avoid sections between Booneville and Huntington, and Haysville and French Lick, Detour at Mitchell around bridge. Remainder suited to traffic.

No. 6. (Madison, Indianapolis, Monticello)-Badly cut up north of Lebanon.

No. 7. (Wentland to Huntington)-Soft from Andrews to Largo.

No. 10. (Evansville, Terre Haute, Covington)-Detour around bridge at Clinton removed. Clinton fill is soft but passable.

No. 11. (Greenfield, Marion, Ft. Wayne)-Broken through 1½ miles south of Maxwell; traffic going through on one way gravel track. Few bad places between Alexandria and Marion.

No. 13. (Lewisville, Muncie, Ft. Wayne)-Soft between Hartford City and Montpelier; difficult to negotiate Montpelier to Fiatt, thence to Bluffton passable.

No. 19. (Tipton to Alexandria)-Bad break east of junction of Orestes road and No. 19. Traffic detour to Alexandria through Orestes.

No. 21. (Liberty, Richmond, Ft. Wayne)-Impassable 3 miles north of

Liberty. Maintenance crews repairing same.

No. 23 (Bedford to Indianapolis)-Breaks between Needmore and Harrodsburg will be repaired by early in week.

No. 24 (Angola to Ohio line)-Earth sections not passable north of Palmyra during wet and thawing weather.

No. 26. (Bloomington, Columbus, Madison)-Broken through 4 miles east of Bloomington. Suitable for light traffic only.

No. 31 (Plainfield, Danville, Rockville)-Soft place 5-miles west of Danville but passable for light traffic  
No. 32 (Bloomington to Lafayette)-Bad break 5 miles north of Greencastle. Traffic being cared for with teams provided by highway department. Minor breaks between

Greencastle, Crawfordsville and Spencer.

No. 33 (Lebanon to Illinois line)-Breaks between Crawfordsville and Lebanon, but light traffic going through. Similar condition east of Covington.

No. 35 (Kokomo to Marion)- Soft places but passable.

No. 36 (Greensburg, Rushville, Dunreith)-Very soft for 1½ miles north of Milroy. Doubtful if it can be prevented becoming impassable. Traffic still going through.

No. 37 (Westfield to Ohio line)-Two mud holes between Muncie and Farmland, Light traffic still able to get through.

No. 42 (Paoli to New Albany)-Resurfacing from Hardingsburg to New Albany.

No. 44 (Valparaiso to Ft. Wayne) Careful driving between Hana and Plymouth advised.

## PLANS MADE FOR COUNTY CONTEST

All of Next Week Will be Devoted to Music Memory Event in Rushville City Schools

### TWO TEAMS TO BE SELECTED

Several Grammar and High Schools and Two Rural Schools Entered in County Contest

All of next week will be devoted to the music memory contest in the city schools in preparation for the county contest which will be held at the court house March 15 and 16 and the sixth district contest which will be held in the court house March 20. The district winner will go to the state contest which will be held at Manual Training high school auditorium in Indianapolis Saturday afternoon, March 24.

Rushville schools have entered both the grammar grades and high school contests. Pupils of the fourth, fifth and sixth grades in the Havens, Jackson, Graham Annex and Washington buildings will compete for the honor of representing the city in the grammar grades section of the county contest.

From those who make perfect scores a team of five will be selected from among the grammar grades contestants and a team of three from the high school for the county contest.

There has been a wonderful response from the county this year as compared with last year, according to Miss Sarah I. McConnell, city supervisor of music, who is state chairman of the music memory contest. The contest will be much more comprehensive than last year, as revealed by the following entries:

Arlington grammar grades, Greenwood grammar grades and high school, Center school grammar grades, New Salem grammar grades and high school, Carlhage grammar grades, Raleigh grammar grades and high school, Walnut Ridge and Alexander rural schools and probably the Manilla and Homer grammar grades.

There were only two high schools and five grammar grades entered in the county contest last year, which returned Miss Judith Manzy of this city winner. Miss Manzy also won the state contest, the first ever held in Indiana.

To get one hundred percent in the contest, the pupil must punctuate correctly, recognize the number when it is played on the phonograph and spell the name of the number and composer correctly.

"The object of the music memory contest," says Miss McConnell, "is not to make musicians out of children, but to increase their knowledge of music literature. The only way to learn the good music is by constant association with it. We use the same methods that are used to increase a child's knowledge of literature."

"We attempt to develop and cultivate a love for the very best in music. The music memory contest has grown so popular that the number of schools in Indiana taking it up this year is about seventy-five per cent greater than last year. Not only the music educators, but the general educators as well are recognizing it as the best means of developing music education."

There are thirty-two numbers in the rural schools and grammar grades contest and thirty-three in the high school contest. The first twenty-three of the following numbers are for the rural schools and these together with the next nine following are for the grammar schools:

Amaryllis, Old French.  
America the Beautiful, Samuel Ward  
Anvil Chorus (Il Trovatore), Verdi  
Battle Hymn of the Republic, Julia Ward Howe  
By the Waters of Minnetonka, Thurlow Lieurance.  
Come Where My Love Lies Dreaming, Stephen Foster.  
Czardas (Coppelia Ballet), Delibes.

## FATHERS AND SONS ENJOY A BANQUET

Approximately 175 Attend St. Paul's M. E. Church Event—Principal Toast By Dr. J. M. Walker

### FRED HOKE UNABLE TO COME

Approximately 175 men and boys attended the "Father and Son" banquet at St. Paul's Methodist Episcopal church Friday evening and enjoyed a program of addresses, the principal one of which was given by Dr. John M. Walker of this city, district superintendent, who filled the place on the program selected for Fred Hoke, a Methodist layman of Indianapolis. Mr. Hoke was unable to come at the last moment.

Every man in St. Paul's church was expected to bring a boy, and if he didn't have one he was supposed to get one. Music was provided by the Sunday school orchestra and a song fest opened the program after the banquet was served.

The following toasts were responded to in splendid style: Address of Welcome, the Rev. H. W. Hargett; "Son Through a Father's Speech," L. L. Allen; "Father Through a Son's Speech," Burke Dugle; "The Kind of a Boy I Like," J. F. Miller; "Bringing Up Father," A. F. Cotton.

## PRESIDENT A SUICIDE AND BANK DOORS CLOSE

Logan Square Trust and Savings Bank of Chicago With \$2,700,000 Deposits Affected

### BOOKS ARE TO BE EXAMINED

(By United Press)

Chicago, March 10—Doors of the Logan Square Trust and Savings Bank with deposits of \$2,700,000 were closed today following the suicide of Fred W. Popp, president of the institution.

Investigators who examined Popp's body, found in an auto on a lonely farm road, discovered \$61,000 in cancelled checks. The checks were drawn by Paul Popp, son of the president, on the Republic National Bank of St. Louis, payable to himself and endorsed by him.

The son was reluctant to explain the checks.

"I gave him that check book before I went to California two months ago," the son said. "It was my own personal account. I do not wish to talk it further. I wish that it could be kept out of the newspapers."

Decision to close the bank was reached in the early hours today after an all night conference of directors with H. F. Savage, chief bank examiner for Illinois. Savage said that it was deemed best to suspend business until a complete examination of the books could be made.

The bank, one of the most popular neighborhood savings institutions in Chicago, was under inspection for several days before Popp killed himself.

### GOMPERS OUT OF DANGER

New York, March 10—The condition of Samuel Gompers, 74, president of the American Federation of Labor who is ill at Lenox Hill Hospital with influenza bronchial pneumonia, is "rapidly improving and he is in no immediate danger," it was announced at the hospital early today.

## NATIVE OF COUNTY IN TRAGIC DEATH

Elmer Burnau, Age 42, Born and Reared in Northern Rush County, is Killed Near Bluffton

### CAUGHT UNDER A BUILDING

Neck Broken, and Skull Crushed When Old Building Crumbles—Father Was Thomas Burnau

Elmer Burnau, a native of Rush county, and who is related here, was killed Monday on his farm near Bluffton, when he was caught beneath falling timber, while wrecking an old building, according to word just received by relatives. His neck was broken and skull fractured.

The deceased was born, January 22, 1881, in Washington township, Rush county, and was the son of Mr. and Mrs. Thomas Burnau, all of whom are well known in this county. The deceased was 15 years old when his parents left this county, and he was 42 years old at the time of the accident.

Relatives surviving in this county are C. W. Ertel, Thomas Ertel and Mrs. Glen Abernathy, all of Washington township, who are first cousins. The deceased is also survived by his parents, and his widow, and two children, Eva and Faye, and a brother, Purley Burnau, all of the vicinity of Bluffton.

There were no eye witnesses to the accident. Mrs. Burnau, the only other person at the farm, was in the house. The husband had gone out for the purpose of pulling down the old building, the roof of which had been damaged in the windstorm of Saturday night.

A few minutes later Mrs. Burnau heard the crash of falling timber. She hurried to the door and called and after making a few attempts to get an answer, she went outside and hurried around the house, and found her husband lying senseless, crushed into the soft earth by the weight of the heavy timber.

She attempted to raise the lumber which pinned him to the ground, but her strength was not sufficient and she hurried into the house and summoned help over the telephone.

Within a few minutes several neighbors arrived, and together they lifted the fallen building, but Burnau was lifeless, and had probably been killed instantly.

The position of the body indicated that he had attempted to escape when the support of the structure gave way, and he came within a few inches of safety. He had made his way from the inside, but the walls falling outward, caught him. The upper frame of the door struck the back of his head and buried it full into the soft ground.

The trunk of his body was left clear, but a heavy plank caught him across the left leg, and inflicted a double fracture.

## TWO GERMANS SHOT TO DEATH BY FRENCH

Deaths Occur at Loettinghausen and Essen as Result of Occupation of The Ruhr

### ONE WAS A RAILROAD MAN

(By United Press)

Berlin, March 10—Two Germans were shot to death by French troops in disorders at Poettinghausen and Essen today, according to reports from those two towns.

The Loettinghausen advisers said a railroad committeeman had been shot there. A companion was arrested. A fireman was reported killed in Essen.

At Permannsess a guard was found dead, evidently having been shot by highwaymen. Two negro French infantrymen were arrested. One of them was said to have had the victim's watch in his possession.

## Richland M. E. Church of Century Ago One of "Lost Churches" of the County

Deed To Original Site Given To Church By James And Nancy Gregg Made November 19, 1823. But No One Has Any Knowledge Of First House Of Worship Erected There. Structure Now On Site Used By United Brethren. Deed In Possession Of John M. Linville.

John M. Linville of Richland township possesses an interesting document in the form of a deed to the original site of Hopewell Methodist Episcopal church in Richland township, which was recorded on Tuesday, January 9, 1827.

The land was given as a church site and to be used as a cemetery by James and Nancy Gregg and was conveyed to the trustees, James Linville, Hugh Smathers and A. Young. James Linville was the grandfather of John M. Linville, which accounts for the latter having the document in his possession at this time.

Several acres have been added to the original site as the needs for a cemetery grew, but the present church does not stand on the original ground as it was erected opposite the old grave yard on the south side of an adjoining lot.

The present church is a community house of worship and is not identified with any sect, although services are being held there at present by the United Brethren congregation of the township. The structure is available to all the people of the community who wish to use it.

The present structure was erected in 1874. No one in Richland township can be found who has any knowledge of the first church that stood on the site given to the trustees mentioned in the deed as church ground.

The history of the congregation is lost, so far as residents of the township know and no one has any recollection of any of the early ministers there. When a history of the churches of the county was compiled for the county centennial celebration last June, mention of this church was omitted.

In other words, the Richland Methodist church of almost a century ago is a "lost church."

The deed to the land was made by James and Nancy Gregg November 19, 1823, but was not recorded until more than three years later.

It recites "That the said James Gregg and Nancy his wife for and in consideration of the sum of twenty-five cents apiece to him in hand paid at and upon the sealing and delivery of these presents the receipt whereof is hereby acknowledged hath given, granted, bargained, sold, released, confirmed and conveyed and by these presents doth give, grant, bargain, sell, release, confirm and convey unto them the said trustees, and their successors all the estate, right, title, interest, property, claim and demand whatsoever which he said James and wife hath into or upon all and singular a certain lot or piece of land situate lying and being in the county of Rush and state aforesaid."

Then follows a description of the land. The last part of the deed describes the purpose to which the land shall be put.

"To have and to hold all and similar the above mentioned and described lot or piece of land together with all and singular the houses, woods, waters ways and privileges thereto belonging or in any wise appertaining unto the said trustees and their heirs and assigns forever."

## GRANTED DIVORCE ON HER CROSS COMPLAINT

Mrs. Fanny Moore Wins Decree In Circuit Court When Husband Fails To Appear

### PETITION FOR A GUARDIAN

A divorce was granted this morning in the circuit court in the case of a Posey township couple, when Mrs. Fanny Moore, defendant was granted a divorce on her cross complaint. From John Moore, who defaulted. The husband brought the suit several weeks ago, but the wife filed a cross complaint and when the case was heard this morning, the plaintiff failed to appear.

Lee H. Macey is plaintiff in a petition filed against Franks S. Macey and Lanto L. Macey, in which he asks that a guardian be appointed for the two defendants. They are alleged to be persons of infirm age and are not capable of managing their own affairs.

Manford Slifer, administrator of the state of Jacob Slifer, has filed a suit in court against Susan Slifer, et al., in which the petition asks to allow the administrator permission to sell real estate.

A few other court matters were scheduled for a hearing today. The jury which had been called for Monday, was called off today, because the state case originally set, was continued.

### BIRTHS

Word has been received here of the birth of a baby girl Friday morning to the wife of Ray McAndrews, at their home in Los Angeles, California. The baby weighed seven and one-half pounds and has been named Margery Lou. Mrs. McAndrews was formerly Miss Louise Hogsett of this city, and is the daughter of Mr. and Mrs. J. W. Hogsett.

Thursday evening, union services at the church.

Friday evening, at the home of Mr. and Mrs. B. W. Riley, 402 North Main street, with the Rev. H. W. Hargett as leader; at the home of Mr. and Mrs. J. C. Trapp, 914 North Harrison street, with Mr. Trapp as leader.

### AGED WOMAN HURT IN FALL

Relatives here of Rebecca Hinchman, have received word that she is in a serious condition at the home of a niece in Indianapolis, as the result of a fall over a week ago. She is advanced in years, and her condition is regarded as critical. She formerly resided at Main and Eleventh streets in this city, but moved to Indianapolis four years ago on account of failing health.

## CHANGES MADE IN EDUCATIONAL LAWS

Digest Of New Acts Is Prepared And Sent To Superintendents, Principals And Teachers

### RETIREMENT LAW AMENDED

Time To Enter Extended For Persons Entering Teaching Service Prior To June 1, 1921

Several changes have been made in the education laws of the state according to a digest of the acts of the last legislature on this subject, which have been received by school teachers. The summary was prepared by the state board of education and in part is as follows:

House bill No. 97 repeals Section 34 of the 1921 law governing teachers, attendance officers and all other regular school employees. This law provides that after December 1, 1923, all licenses for superintendents, supervisors, principals and teachers shall be issued and renewed only on the basis of credentials, showing the amount and kind of work actually completed in accredited or approved institutions.

Senate bill No. 69 amends the teachers' retirement fund law so that: (1) In event of the death of an annuitant before annuities have been received, amounting to contributions plus 4 per cent compound interest, the difference shall be returned to the annuitant's estate. (2) Persons who entered the teaching service prior to June 1, 1921, and who failed to elect membership in the state teachers' retirement fund prior to September 1, 1922, may do so at any time prior to October 31, 1923.

Senate bill No. 64 repeals the section of the law providing for township institutes. The repeal bill carried an emergency clause but its passage does not invalidate contracts calling for the payment of teachers attending institutes the current school year.

House bill No. 69 amended the law regulating the high school course of study so that German may be taught in the high school.

House bill No. 70 amends the law concerning elementary schools and the course of study in elementary schools, making it unlawful to teach any modern foreign language in the public, private or parochial schools of elementary grade of the state.

House bill No. 416 amends the vocational education law so that reimbursement to approved vocational schools shall be at the rate of not more than 33 1-3 instead of 50 per cent.

House bill No. 313 amends the vocational education law so that a county council may appropriate an amount not less than \$1,500 or not more than \$2,500 per annum for the purpose of paying the salary and expenses of a country agricultural agent.

Senate bill No. 345 amends the sanitary school building laws so that two story buildings may be constructed without a basement or three feet of air space.

House bill No. 148 permits townships having no high school to buy ground and buildings suitable for that purpose. It deals directly with a proposal to buy Spiceland Academy buildings.

Senate bill No. 73 repeals the law requiring school enumerators to take a census of surviving soldiers of the Mexican, civil and Spanish-American wars.

Senate bill No. 84 provides that school funds loaned on real estate shall not exceed 50 per cent of the assessed valuation of such real estate, and provides for insurance on improvements on such real estate.

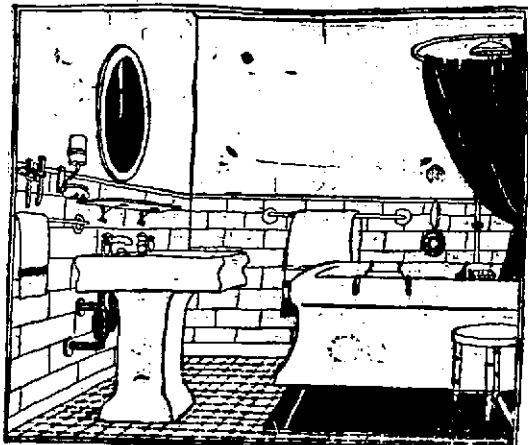

Four of these bills, Senate Bill 64 and House Bills 70, 416 and 313 have not been signed by the Governor.

# — Thrifty America — !! LET'S BUILD

UNTIL last year high costs of material and labor almost caused a cessation of building. Today every hamlet, town and large city is crying for more homes and more buildings. And that insistent demand can be satisfied because lower prices make possible the culmination of plans started long ago. The winners were given gold medals. Dean Skinner presented the certificates in the miniature commencement and President E. C. Elliott delivered the principal address.

## BRICK, TILE AND STUCCO RESIDENCE

DESIGNED BY W. W. PURDY

The use of hollow tile with stucco finish is coming into use fast, owing to its durable qualities and to the fact that the cost does not much, if any exceed the frame construction. It makes a warm house as well as substantial and the plastering on the inside can be done on the walls direct without the use of inside furring.

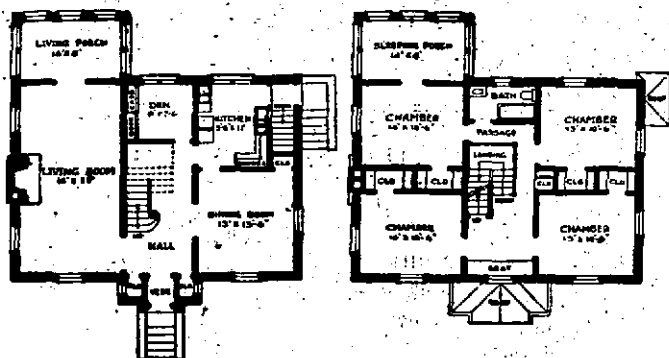

The house recently planned for a city home, is 38 ft. 6 in. in width and 26 ft. 6 in., exclusive of living porch.

This plan, which also includes a garage in the basement, strikes a responsive chord in the hearts of hundreds of persons who are planning to build and who must make some provisions for their automobiles.

A garage under the same roof with the house is greatly to be preferred both for the convenience of the arrangement and the conserving of ground space.

There is a central entrance through a small vestibule into the stair hall with a closet each side of door. At the end of hall is a small den with bookcases on one side.

At the left of hall is a large liv-

ing room 11 ft. by 25 ft. with brick fireplace on the outside wall. Opening off the living room is a glazed porch with French doors between.

The kitchen is planned with cupboards and built-in refrigerator, iced from the outside.

There are four good chambers with closets, sleeping porch and bath room on the second floor, and there is a good attic for storage.

There is a full basement, with 12 in. concrete foundation under the whole house.

The garage is under the porch

and part of living room, there is laundry, store room and heating room in basement also.

The basement is 7 ft. 6 in. in the clear, first story is 8 ft. 6 in. in the clear, and the second story 8 ft.

Brick is used on the corners and around all doors and window openings.

Asbestos shingles are used on the roof.

It is estimated to build this residence for \$10,000 to \$12,000, exclusive of heating and plumbing.

## Weekly Marketgram

(U. S. Department of Agriculture, Bureau of Agricultural Economics) Washington, March 10—(For week ending March 9, 1923).

**COTTON:** Spot cotton prices advanced 31 points during the week. New York March futures contracts advanced two points. Spot cotton closed at 30.51c per pound. New York March futures at 30.55c.

**GRAIN:** Grain prices narrow and unsettled during the week but closed slightly higher except corn. Trade mostly local with news and sentiment mixed. Principal factors were: Reports on crop conditions; estimates on reserves and world conditions.

On March 9 wheat prices advanced after small break early in sympathy with corn. On the whole market was unsettled. Selling by eastern houses made weak corn market at start but prices recovered later on short covering and buying on resting orders encouraged by late upturn in wheat.

Closing prices in Chicago cash market: No. 2 red winter wheat \$1.31; No. 2 hard winter wheat \$1.20; No. 2 mixed corn 74c; No. 2 yellow corn 74c; No. 3 white oats 45c. Average farm prices: No. 2 mixed corn in Central Iowa about 61c; No. 2 hard winter wheat in Central Kansas \$1. Closing future prices: Chicago May wheat \$1.19; Chicago corn 74c; Minneapolis May wheat \$1.20; Kansas City May wheat \$1.11; Winnipeg May wheat \$1.13.

**HAY:** Market generally firm. Demand for good hay becoming urgent in several central western markets including Pittsburg and Cincinnati because of light receipts. Bad road conditions reducing country loadings. Low grades still constitute large part of receipts at some markets and are in slow demand. Quoted March 9: No. 1 timothy Phila. \$23, Pittsburg \$21.50, Cincinnati \$19.50, Minneapolis \$15.50, Memphis \$24. No. 1 alfalfa Kansas City \$24.25, Memphis \$32. No. 1 prairie Minneapolis \$16, Kansas City \$14.25.

**FEED:** Demand quiet. Deliveries of wheatfeeds by flour mills heavier and track stuff is available in Minneapolis. Cottonseed meal market weak; transaction small. Exporters bid \$46.50 for slay cake delivered gulf ports. Fair feeding demand from west. Hominy feed offerings exceed demand and prices are easier. Gluten feed unchanged, demand fair, production heavy. Linseed meal in liberal supply at lower prices. Interior demand fair. Storage stocks of wheatfeeds good. Movement light. Quoted March 9: Bran \$28.25, middlings \$28.50, flour middlings \$30, Minneapolis \$36 percent cottonseed meal \$40.50, Memphis, \$41.50 Atlan-

ta; 34 percent linseed meal \$47.75, Minneapolis, \$48.75 Buffalo; gluten feed \$42.65 Chicago; white hominy feed \$29 St. Louis, \$29.50 Chicago.

**DAIRY PRODUCTS:** Butter markets unsettled throughout week although temporarily firm at close. Some declines in prices were registered early in week as supplies were quite heavy in relation to demand. The arrival of approximately 50,000 boxes New Zealand butter also helped remove strength. Following the price decline which occurred buying took on slightly more activity including some speculative buying.

Closing prices 92 score butter: New York, 48; Phila. 48; Boston 50; Chicago 47.

Cheese markets barely steady. Declines on Wisconsin cheese board Monday amounting to about two cents have placed trading on a lower level and has served to unsettle market. Lack of buying support as buyers are holding off in anticipation of lower prices. Movements out of Wisconsin during week fairly heavy but consisting partly of consigned stock.

Prices at Wisconsin primary cheese markets March 8: twins 22; daisies 22; double daisies 22; Young Americas 24; Longhorns 24; square prints 25.

**LIVESTOCK AND MEATS:** Chicago hog prices showed advance of 10c on lighter weights with medium kinds from five cents lower to 10c higher than week ago. Beef steers were 15 to 25c lower, cows and heifers 25 to 35c higher, with feeders steady to 15c higher and veal calves steady to 75c lower. Fat lambs remained practically steady. Feeders 5 cents higher, yearlings 15c higher and ewes 20c higher.

On March 9 hogs were 10 to 20c higher. Cattle active with beef heifers 10 to 15c higher. Butcher cows steady to strong, bulls strong and stockers and feeders steady. Sheep was fairly active with choice handy-weight lambs strong.

March 9, Chicago prices: Hogs top \$8.50; bulk \$7.85 to 8.35; medium and good beef steers \$8 to \$10; butcher cows and heifers \$5.25 to \$8; feeder steers \$6.15 to \$8.25; light and medium weight veal calves \$7.25 to \$10.25; fat lambs \$13.50 to \$15.25; feeding lambs \$13.50 to \$15.30; yearlings \$9.75 to \$13.65; fat ewes \$6.50 to 8.85.

Stockers and feeder shipments from 12 important markets during week ending March 2 were: Cattle and calves 43,488; hogs 16,163; sheep 19,363.

In Eastern wholesale fresh meat markets beef was 50c to \$1 lower, for the week; veal \$2 to \$3 lower; lambs and mutton steady to \$1 lower; pork 50c to \$1.50 lower.

On March 9, beef was weak at Boston and Phila., weak to 50c lower at New York. Veal \$2 lower at

New York, weak at Phila., and about steady at Boston; lamb weak to \$1 lower at Phila., about steady elsewhere; mutton market about steady with pork weak at Phila., weak to 50c lower at Boston and New York.

March 9 prices good grade meats: Beef \$12 to \$13.50; veal \$13 to \$15; Lamb \$22 to \$24; mutton \$13 to \$14; light pork loins \$14.50 to \$16.50; heavy loins \$11 to \$13.50.

**FRUITS AND VEGETABLES:** Potatoes slightly weaker in Chicago for the week; steady to firm other markets, up 5 to 10c at Eastern shipping points, declining at northern points. New York Baldwin apples slightly weaker in New York City, firm other cities, ranging generally \$5 to \$5.50. Cold storage stock \$6 to \$6.50 in Boston. Boxed stock irregular. Onion markets show slight gain. Old cabbage weak in Chicago, firm in other leading cities. Early cabbage shows firm tone. Spinach advancing. Sweet potatoes steady. Celery and lettuce steady to firm.

Prices reported March 9; New York sacked round white potatoes \$1.55 to 1.85 per 100 pounds in Eastern cities, \$1.35 fob. Maine Green Mountains in bulk \$2.10 to \$2.20 in New York City, \$1.02 to \$1.05 fob. Aroostook county points. Northern sacked round whites 90 to 95c in Chicago, \$1.15 to \$1.40 in other markets, 75 to 82c fob. New York Baldwin apples \$6 to \$6.50 per barrel, in Boston, \$5 to 5.50 in other markets. Northwestern extra fancy boxed Winesaps, \$2 to \$3 in consuming centers, \$1.50 to \$1.75 at distributing points. Florida pointed cabbage \$3.25 to 3.50 per 12 bushel hamper. Texas Alabama and Louisiana flat \$5 to \$5.50 per barrel. Texas \$100 to \$110 per ton in Pittsburg. New York Danish type mostly \$65 to \$75, Phila \$50 to \$60. North-

## THOUGHT BACK WOULD BREAK

Nothing Helped until She Began Taking Lydia E. Pinkham's Vegetable Compound

"When my baby was born," says Mrs. Poleszky, 106 High Street, Bay City, Michigan, "I got up too soon. It made me so sick that I was tired of living and the weakness ran me down something awful. I could not get up out of bed mornings on account of my back; I thought it would break in two, and if I started to do any work I would have to lie down. I do not believe that any woman ever suffered worse than I did. I spent lots of money, but nothing helped me until I began to take Lydia E. Pinkham's Vegetable Compound. I felt a whole lot better after the first bottle, and I am still taking it for I am sure it is what has put me on my feet."

If you are suffering from a displacement, irregularities, backache, nervousness, headache or any other form of female weakness you should write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts, for Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women." It will be sent you free upon request. This book contains valuable information.

**THE MISSION OF JESUS:**  
The Spirit of the Lord is upon me, because He hath anointed me to preach the gospel to the poor; He hath sent me to heal the broken-hearted, to preach deliverance to the captives, and recovering of sight to the blind, to set at liberty them that are bruised.—Luke 4: 18.

## Safety for Pedestrians

We have heard much lately of the "jay walker" who jauntily walks across the street, looking neither to the right nor the left, while automobiles honk and impatient drivers straighten out their legs on their brakes. This is the type with which the cities have to contend. They are dangerous from the motorist's point of view, and their safety is always in danger.

But there is another type of "jay walker" that is the subject of a bulletin issued by A. H. Hinkle, superintendent of maintenance for the state highway commission. He is the pedestrian who walks on the roads at night without carrying a light. Statistics gathered by the maintenance department of the state commission show that accidents in which cars strike persons afoot on roads are becoming more numerous. Mr. Hinkle points out that with constantly increasing traffic on our highways, it is unsafe for either pedestrian or a horse drawn vehicle to travel roads at night without displaying either lantern or flashlight to warn motorists of their presence. The high speed at which many motorists travel, makes more hazardous the position of the man afoot on the highway or the horse drawn vehicle which displays no light, Mr. Hinkle contends.

The argument has been advanced by some, Mr. Hinkle points out, that pedestrians should walk only on the left side of the road, but this has its weak points when one considers that frequently the headlights on a car may be out on that side. Then pedestrians would be in danger of being struck by a thoughtless machine coming toward him.

"The safest way to guarantee

against accidents while walking on the roads is to carry a lantern or flashlight. One might say that the pedestrian has equal right with vehicle on a highway, but this does not restore the lives already snuffed out or the cripples made through failure to observe a few simple rules," the bulletin says.

"By observing the rule of carrying flashlight or lantern, and with the automobile driver honestly striving to do unto other as—travel on our highway may be made as safe as staying down on the farm and even safer than walking across many of the streets in our cities."

## The Land of Plenty

Is this a good country in which to live and prosper?

Millions of people in other countries think so, whether you do or not. They want to break through our immigration barriers and become citizens with us, and are making use of every known device to attain that end.

American consuls abroad are literally deluged with requests for passports, with every conceivable pressure backing up those requests. Fortunately, however, the number that can be admitted to our shores is limited by law, otherwise they would become a pest surpassing the seven year locusts.

Think a little before you thoughtlessly condemn a country that appeals so strongly to other people.

## Safety Sam's Sermonette

Mebbe some people would like t' argue that th' good ol' days of heirlooms an' such are past an' gone, but I'm c'vinced that it aint so. As a touchin' example o' th' fondness folks show for th' things their granfathers an' granmothers treasured, think for a minnit o' that familiar an' homely work of art, th' family step-ladder; where's one t' be found of a later vintage than 1888? W'y, one made that recent would be counted by losta people as bein' too new t' use for any but special occasions an' light work, such as fackin' up th' buntin' on th' Fourth o' July. Chances are, it wouldn't be old enough yet t' have over two steps missin', its jigglin' days wouldn't be more'n just begun, an' it'd prob'ly not have over three or four notches denotin' its number o' victims t' date!

I've noticed that as people grow older, they get t' be more an' more leary o' takin' chances climbin' around, but most of 'em seem t' make an exception o' th' good ol' step-ladder that Gran'pa used. They appear t' regard it kinda like it was an old friend o' th' family, so t' speak, an' cheerfully trust their lives an' limbs to its tender mercies. It's great t' th' credit of th' ol' family step-ladder that it don't often betray th' trust put in it, or, I'd better say, on it; but when it does fail an' its victim is pulled out from its splintered fragments, he's about done with th' heirloom business an' is about ready for another ol' friend, th' family doctor.

It might seem radical, but I'd like t' suggest this rule:—Th' older you are, th' newer th' step-ladder you'd better use, if you feel like you just gotta climb.

## BOWLING CONGRESS TOURNEY OPENS

Milwaukee Boosters Teams Took  
Drives and Started Pins Falling  
in History's Largest Tourney

1,952 TEAMS HAVE ENTERED

Prize Money Will Probably Run  
Around the \$83,000 Figure, Ac-  
cording to Sec. A. L. Langtry

Milwaukee, Wis., March 10—The  
largest American Bowling Congress  
tournament in the history of the  
bowling game opens here today.

Milwaukee boosters teams, follow-  
ing speeches by officers of the Amer-  
ican Bowling Congress and city offi-  
cials, took the drives and started the  
pins falling in the tournament, which  
officials say, will go down in history  
as the largest ever held.

Official figures announced by the  
A. B. C. officers give the entry list  
at 1,952 teams, or more than 9,000  
bowlers.

Last year when the entry list of  
1,126 teams for the tournament at  
Toledo was announced, bowling fans  
all over the country gasped—this  
was a record. The Badger State has  
1,000 teams, or more than half of  
the total entry list, which goes down  
as another record.

Not alone the team record, but the  
singles and doubles figures for this  
year far surpass those of last year's  
tournament.

The two men mark is 3,773 teams,  
while at Toledo it was 2,411. Then  
there will be 7,625 bowlers seeking  
the individual championship from  
Wallie Lundgren, Chicago, who won  
the laurels from a field of 4,838  
bowlers at Toledo last year.

The prize money will probably run  
around the \$83,000 figure, according  
to an announcement by Secretary A.  
L. Langtry.

In order to accommodate the ad-  
ditional teams, Secretary Langtry  
has arranged to roll five squads on  
the first Sunday of the event March  
11.

### Shy Good First Basemen

By HENRY L. FARRELL,  
(United Press Sports Editor)

New York, March 10—In the mil-  
lion dollar shipment of young ball  
players to get a trial in the major  
leagues this season is only one first  
baseman and he is hyphenated.

Jack Bentley, the \$65,000 beauty  
the Giants secured from the Balti-  
more Orioles, is a first baseman, but  
he is more of a pitcher and McGraw  
hardly will take George Kelly off  
first base to use Bentley.

Since Lu Blue came up with the  
Detroit Tigers and developed into  
one of the best first basemen in the  
game, the crop of good initial sack-  
men has been so poor that Doc  
Johnston held on for several years in  
fast company and the Doc was long  
overdue.

Connie Mack picked up Hauser, a  
youngster who fielded .986 and bat-  
ted over .300 last season, but Mack  
apparently isn't satisfied with him,  
as he said recently he would use  
Stuffy McInnis if he could get him.

The case of McInnis, by the way,  
is hard to figure. Three or four  
clubs could use him well, as regard-  
less of slowed-up limbs he still has  
a couple of years of good baseball  
in him, but all the majors passed  
him when Cleveland asked for waiv-  
ers.

In place of Stuffy, the Indians will  
try Brower, a young outfielder from  
the international League and Guisto,  
a big fellow who has been warming  
the bench.

Jim Bottomley, the Card first  
baseman, is the first good one to  
come up for several years in the  
National League and he isn't a sen-  
sation. The Reds are going along  
with Jake Dauberty, one of the old-

est players in the league who insists  
however, upon acting like one of the  
youngest. Brooklyn is so badly in  
need of a good guardian at the in-  
itial corner that Squire Ebbets  
grabbed onto Jack Fournier when  
the Cards decided to get rid of him.

### Hittin' 'Em and Missin' 'Em

HATS OFF TO THE DARK HORSE  
Congratulations Mooreland! You evi-  
dently heard what Hittin' 'em said  
yesterday, that if there was any  
team that needed taking down a  
notch, it was Shelbyville.

YOU'RE EXCUSED NEWCASTLE  
We can readily see now Newcastle  
why you didn't have any show with  
Mooreland.

Keep going Mooreland, and  
wallop South Bend tonight. So  
far you are the Little Sandusky  
of the tournament.

The upset of Shelbyville by  
Mooreland last night was the big-  
gest surprise of the tourney. Shelby-  
ville had made all arrangements to  
attend the state tourney next week,  
and wanted to celebrate the event  
in big style because never before has  
Shelbyville had an opportunity of go-  
ing to the state.

Perhaps Shelbyville will re-  
consider their schedule for next  
year, and take on a few "tank  
towns". We would advise that  
they play Mooreland again next  
season.

Hittin' 'em was just wondering  
how bad Huntington is going to beat  
Connersville this morning in the  
eleven o'clock game. No matter how  
Connersville comes out, we will wag-  
er that the Connersville newspaper  
will give at least three of their  
players mention on the all regional  
team.

It will be another state tourney  
without the mention of a Shelbyville  
player on the all state list.

WEBB CELEBRATED ALL WEEK  
Webb high school has been cele-  
brating all week over their victory  
with Milroy in the tourney here. No  
school, and even John Geraghty has  
been spending a couple of days in  
Milroy, teaching one or two classes.

John Geraghty informs us that the  
celebration will come to an end Mon-  
day, as school will convene again.  
The real reason for the shutdown,  
they say, is on account of sickness  
among the teachers, but we kinda  
doubt it.

BOY, PAGE HATTIE  
We lost Hattie's address at  
Shelbyville, or we would be  
tempted to drop her a letter,  
asking her if she has heard  
anything about the Mooreland-  
Shelbyville game.

WE BET SHE FAINTED  
She told us in her letter that all  
of Shelbyville would be along the  
side lines at the state tourney in  
March, rooting for the best team in  
the country, and that Rushville  
wouldn't have a look in at the gates.  
Part of her prediction came true,  
about Rushville, but we kinda be-  
lieve that someone else will be peep-  
ing through the gates also.

WE DON'T FEEL BAD NOW  
Hittin' 'em don't feel so bad about  
not getting those ring side press  
tickets now, because we know that  
Shelbyville won't have our seats that  
we occupied last year. We would  
feel still better, if we knew that  
Connersville wouldn't be sittin' in  
'em either.

WATCH BROOKVILLE FOLKS  
Don't forget that Brookville is  
playing in the regional. They meet  
Sullivan today in the Bloomington  
regional, and we wouldn't be sur-  
prised to see 'em trot out on the  
floor next week at Indianapolis.

### AMUSEMENTS

Western Today at Mystic  
One of the most thrilling western  
screen productions to have been pro-  
duced in many seasons will be seen  
at the Mystic today, when Franklin  
Farnum and a stellar cast will be  
seen in "The White Masks," a pic-  
ture of the famous magazine  
story by E. H. Carr.  
Thrills follow one after another.  
Sensational climaxes mark each foot  
of the five reels of action, red-  
bloodedness, fragrant romance, and  
rapid breath gasps. It portrays the  
best vividly; when men lived and  
died for what they thought right,  
and loved with a passion that sears  
like fire.

Franklin Farnum essays the role  
of Jack Bray, a wanderer in that  
fast wilderness, where men were  
quick on the trigger, and who would-  
n't hesitate to draw on the mere  
provocation. To say that Mr. Far-  
num gives a splendid characteriza-  
tion of the part is to but merely  
make a statement; yet it can be  
truthfully said that in the role of  
Jack Bray, Franklin Farnum has  
something with which to demonstrate  
the best efforts of his screen career.  
There is much to see in "The  
White Masks." Early in the picture  
there is shown a prize fight scene,  
regulation ring, two men fighting  
with all their vitality, each endea-  
voring to land a "K O" that would  
declare the other master. At the  
ring side there is shown several thou-  
sands of saloon hangers-on, gamblers, and  
the rough element of a western town.

### Florence Vidor at Princess

Florence Vidor, in "The Real Ad-  
venture," a King Vidor Production  
in which she is starred by Associ-  
ated Exhibitors, is a famous designer  
of theatrical costumes, and will be  
seen at the Princess today. In real  
life, while Florence always displays  
the most exquisite good taste in her  
clothes she has never been interested  
in the designing thereof. However,  
when it comes to the clothes of her  
baby daughter, Virginia, the lovely  
star delights in giving an individual  
and personal touch to the baby's lit-  
tle dresses.  
A study of the many alluring  
creations worn by Miss Vidor in  
"The Real Adventure" will disclose  
to the observing that she likes the  
bateau-shaped neck, straight lines  
and a minimum of trimming, and  
that, while skirts are longer they  
should not be too long for comfort  
and health.

The role of Rose Aldrich calls for  
costumes ranging from the plaid  
skirt and middie blouse of the school  
girl to the dignified evening gowns  
of a society matron; from sport  
dresses to bizarre costumes for a  
musical comedy.  
Miss Vidor is so enamored of

the new loosely knitted vari-colored  
ice-land wool sweaters that she even  
has one in her trousseau in "The  
Real Adventure." Its colors are tan,  
canary and violet. A two-piece  
knitted dress in a white and black  
mixture with wide stripes of dark  
red and blue make an ideal costume  
for the honeymoon in the hunting  
lodge in the mountains.

CLARENCE L. LEWIS, Clerk.

The March social committee of the Rebekah lodge will hold a chicken supper and social Tuesday evening, March 13 at seven o'clock at the I. O. O. F. hall for Rebekahs and their families. Each member is requested to bring a well filled basket of salads, pies and cakes.

Miss Rowena Kennedy, daughter of Dr. and Mrs. R. O. Kennedy of this city, and a student of DePauw University, Greencastle, Ind., has been chosen as a member of the University choir. This is a very high honor for Miss Kennedy, as it is very seldom that a Freshman of a university is chosen as a member of a University choir.

Mrs. Edward Chambers delightfully entertained the members of the Tuesday Afternoon Bridge club Friday afternoon at her home in East Seventh street. The members of the club and two guests, Mrs. Bert Mullin and Miss Christina Stiers, enjoyed the afternoon around the

card tables and the hostess served a delicious luncheon following the card games.

An interesting program has been arranged for the Epworth League meeting of the St. Paul's Methodist Episcopal church, Sunday evening in the league room of the church. Mrs. George Wiltse will be the leader of the program, which includes a vocal selection by Weldon Kennedy and a talk by Mrs. Martha Grindle of her experiences and travels in the Holy Land. The meeting will be called to order at 6:15 o'clock and the public is cordially invited to attend and hear the program.

The Helping Hand Society of the Homer Christian Church very pleasantly surprised Mrs. Ina Miller with a pitch-in dinner at her home in Homer Thursday.

At the noon hour the spacious dining room was thrown open and

every one enjoyed themselves to the fullest extent.

In the afternoon the meeting was called to order by the president, Mrs. Raymond Miller. After the business session, a short program was rendered, consisting of music readings, and desations; Mrs. Jess Black gave a reading entitled "Beautiful Snow" and Mrs. Claude Adams recited a selection entitled "Entertaining Sister's Bean," which was thoroughly enjoyed by all.

Those present were: Mrs. Roy Orme, Mrs. Olen Orme, Mrs. Mull Sampson, Mrs. J. O. Hill, Mrs. Herbert Dearinger, Mrs. A. J. Springer, Mrs. Clyde Mull, Mrs. Will Adams, Mrs. Carrie Miller, Mrs. Claude Adams, Mrs. Raymond Miller, Mrs. Jess Black, Mrs. Ina Miller, Miss Nellie Black, Miss Ella Soudely, Mrs. Laura Warfield, Mrs. William Webster, and little niece, Miss Martha Mull and Mrs. Frank Willis. Two visitors were present Mrs. Marshall Ellison and Mrs. A. A. Swartz. The meeting adjourned at 3:30 to meet with Mrs. O. P. Mull on Thursday, April 12. A full attendance is desired at this meeting.

Mrs. George Helm was hostess to the members of the Tarry-A-While club Friday afternoon at her home in North Perkins street. The ladies enjoyed the afternoon informally with needlework and dainty refreshments were served.

Mr. and Mrs. G. P. McCarty were host and hostess to a prettily appointed 6:30 o'clock dinner party at their home in North Harrison street Friday evening. Covers were laid for Mr. and Mrs. G. P. Manzy, Mr. and Mrs. P. A. Newhouse, Mr. and Mrs. Robert W. Brooks, Mrs. Lewis J. Cline and Mrs. J. B. McCarty.

## DANCER IS NO LONGER AN AMERICAN CITIZEN

Isadora Duncan Lost Citizenship When She Married Russian Poet Before Passage of "Cable Bill"

### DENOUNCED U. S. GOVERNMENT

Washington, March 10—Isadora Duncan, international dancer who denounced the United States government after her recent tour in this country is no longer an American citizen, the labor department ruled Friday.

Her loss of citizenship is due however, to her wedding to the Russian poet, Serge Essen, before passage of the "Cable bill" allowing women to retain citizenship after marriage to a foreigner.

Secretary of Labor Davis recently annulled on account of alleged disloyalty to the United States government after her recent tour in this country is no longer an American citizen, the labor department ruled Friday.

But if the dancer ever desires to reclaim American citizenship, she must "prove herself to be a person of good moral character, attached to the principles of the constitution of the United States and a believer in organized government," according to the specifications of the labor department.

### HEAVY TRAFFIC CAUSES ROADS TO BREAK THROUGH IN MANY PLACES

Indianapolis, Ind., March 10.—All gravel roads and lightly constructed stone portions of state roads are softened through thawing and heavy snows, and in several places have broken through under heavy traffic, according to the weekly traffic bulletin of the state highway commission.

Patrolmen are stopping at the edge of towns all traffic which would damage soft-type roads and asking that loads either be lightened or wait until dry weather before proceeding. A number of log haulers have been compelled to unload or suspend operation and while the commission is criticised by them as inequitably inclined citizens see the justice of such action, says John D. Williams, highway director. Mr. Williams points out that maintenance

crews are operating all over the system and charged to repair as quickly as possible every break in non-rigid type highways. The result of this vigilance is that the public has been only temporarily inconvenienced. Highway officials assert that but for the splendid maintenance system in force much of the secondary type mileage would have gone to pieces, and many parts of Indiana touched only by such roads would have been cut off from overland traffic. Light traffic is proceeding all over the system with the possible exception of on some earth roads, and heavy trucks are only barred when roads are softest, in order to prevent serious and costly damage.

The past week was unusually severe on soft type roads and condi-

tions widely varied over the state. Some southern counties experienced thawing weather and four inches of snow. Highway officials contend that heavy truck traffic should suspend on secondary roads for at least two weeks.

The condition of state roads for the week of March 11-17 is reported in the bulletin as follows:

No. 1. (New Albany, Indianapolis, South Bend, Michigan line) - Two mud holes, one 2 miles south of Hamilton-Tipton county line, the other south of the junction of Road 19, difficult to negotiate. Impassable between Carmel and Westfield, and traffic should detour via Dadelstown. Repairs under way between Franklin and Aunty.

No. 2. (Lincoln highway, Valparaiso, South Bend, Ft. Wayne and Ohio line) - Closed from Valparaiso to a point 4 miles west account construction. North and south detours marked.

No. 3. (National road, Terre Haute Indianapolis, Richmond) - Only one detour. Westbound traffic detour near Stilesville, and east bound traffic detour near Mt. Meridian. Detours badly rutted but passable.

No. 4. (Mt. Vernon, Evansville, Seymour, Aurora and Ohio line) - Winter traffic avoid sections between Booneville and Huntingburg, and Haysville and French Lick. Detour at Mitchell around bridge. Remainder suited to traffic.

No. 6. (Madison, Indianapolis, Monticello) - Badly cut up north of Lebanon.

No. 7. (Wentland to Huntington) - Soft from Andrews to Largo.

No. 10. (Evansville, Terre Haute, Covington) - Detour around bridge at Clinton removed. Clinton fill is soft but passable.

No. 11. (Greenfield, Marion, Ft. Wayne) - Broken through 13 miles south of Maxwell; traffic going through on one way gravel track. Few bad places between Alexandria and Marion.

No. 13. (Lewisville, Muncie, Ft. Wayne) - Soft between Hartford City and Montpelier; difficult to negotiate Montpelier to Fiatt, thence to Bluffton passable.

No. 19. (Tipton to Alexandria) - Bad break east of junction of Orestes road, and No. 19. Traffic detour to Alexandria through Orestes.

No. 21. (Liberty, Richmond, Ft. Wayne) - Impassable 3 miles north of

Liberty. Maintenance crews repairing same.

No. 23. (Bedford to Indianapolis) - Breaks between Needmore and Harrodsburg will be repaired by early in week.

No. 24. (Angola to Ohio line) - Earth sections not passable north of Palmyra during wet and thawing weather.

No. 26. (Bloomington, Columbus, Madison) - Broken through 4 miles east of Bloomington. Suitable for light traffic only.

No. 31. (Plainfield, Danville, Rockville) - Soft place 5-miles west of Danville but passable for light traffic.

No. 32. (Bloomington to Lafayette) - Bad break 5 miles north of Greencastle. Traffic being cared for with teams provided by highway department. Minor breaks between

Greencastle, Crawfordsville and Spencer.

No. 33. (Lebanon to Illinois line) - Breaks between Crawfordsville and Lebanon, but light traffic going through. Similar condition east of Covington.

No. 35. (Kokomo to Marion) - Soft places but passable.

No. 36. (Greensburg, Rushville, Dunreith) - Very soft for 1 1/2 miles north of Milroy. Doubtful if it can be prevented becoming impassable. Traffic still going through.

No. 37. (Westfield to Ohio line) - Two mud holes between Muncie and Farmland, light traffic still able to get through.

No. 42. (Paoli to New Albany) - Resurfacing from Hardingsburg to New Albany.

No. 44. (Valparaiso to Ft. Wayne) - Careful driving between Hana and Plymouth advised.
